**POINTE ORLANDO ANNOUNCES NEW  
COMEDY CLUB/RESTAURANT CONCEPT TO OPEN**

ORLANDO, FL, November 4, 2009 - Pointe Orlando, an outdoor shopping, dining and entertainment complex located on International Drive has announced that Improv Comedy Club and Dinner Theatre has teamed up with Fat Fish Blue. The new concept is scheduled to open spring 2010 on the second level of Pointe Orlando.

After many successful years in Downtown Orlando on Church Street, the Improv Comedy Club and Dinner Theatre makes its triumphant return in style with a new concept and in a larger location at Pointe Orlando. Todd Leinenbach, co-owner of the Orlando Improv Comedy Club and Dinner Theatre is "thrilled to be opening at Pointe Orlando in a 14,000 square foot space which increases our seating capacity to 400 guests. And what's really unique," says Leinenbach, "is that our front door, lobby and bar will be Fat Fish Blue: a full-service New Orleans themed restaurant and live music venue with 300 seats."

With its increased capacity from the former Church Street location, the Improv Comedy Club and Dinner Theatre will be able to present even more of the top names on the comedy circuit. With 32 combined locations throughout the country, Improv Comedy Clubs (and their sister brand, Funny Bone) regularly feature the biggest names in comedy. The Orlando Improv will also continue to provide the freshest up-and-coming comedians, as well as continue to develop local talent.

Leinenbach's partner, Mitch Kutash discovered Fat Fish Blue in Cleveland, Ohio which resulted in the creation of a multilayered comedy club featuring a full-service dining experience with live music all in one location. Kutash says, "Pointe Orlando's location of the collaboration of the Improv Comedy Club showroom and Fat Fish Blue is sure to become an Orlando dining and social hot spot." Fat Fish Blue's New Orleans themed menu will feature specialty items like jambalaya, gumbo, barbeque shrimp, burgers, salads and desserts. Executive Chef J.R. Grady describes the menu as "American bistro fare with a New Orleans flair." Fat Fish Blue was established in Cleveland, Ohio in 1991 by local restaurateur, Steve Zamborsky. Says Zamborsky, "Fat Fish Blue is all about good food, good friends, good music and good times. With a 120 seat patio and live music filtering out on the sidewalk, we'll be bringing a touch of Bourbon Street to Pointe Orlando." Live entertainment will be featured five nights a week including performances from top jazz artists and legends from around the country.

- more -

The Improv Comedy Club and Fat Fish Blue will feature state-of-the-art audio and visual equipment for private and corporate meetings. Daytime or evening events will be available in three separate rooms accommodating 60, 250 or 400 guests. The entire venue will seat 710 guests comfortably and full menus for breakfast, lunch and dinner, with comedy and music options, will be available. Pointe Orlando is an inviting collection of outdoor shopping, dining and entertainment conveniently located on International Drive across from the Orange County Convention Center. Pointe Orlando recently completed a major redevelopment bringing new restaurants, entertainment venues and retail to the property, many new to the Orlando marketplace. In addition, the property features new storefronts reminiscent of a city streetscape as well as additional landscape, lighting and seating offering the visitor an enhanced experience in a relaxed surrounding. Be sure to visit our newly launched Web site at [www.pointeorlando.com](http://www.pointeorlando.com).
